

Changing your preferred GP

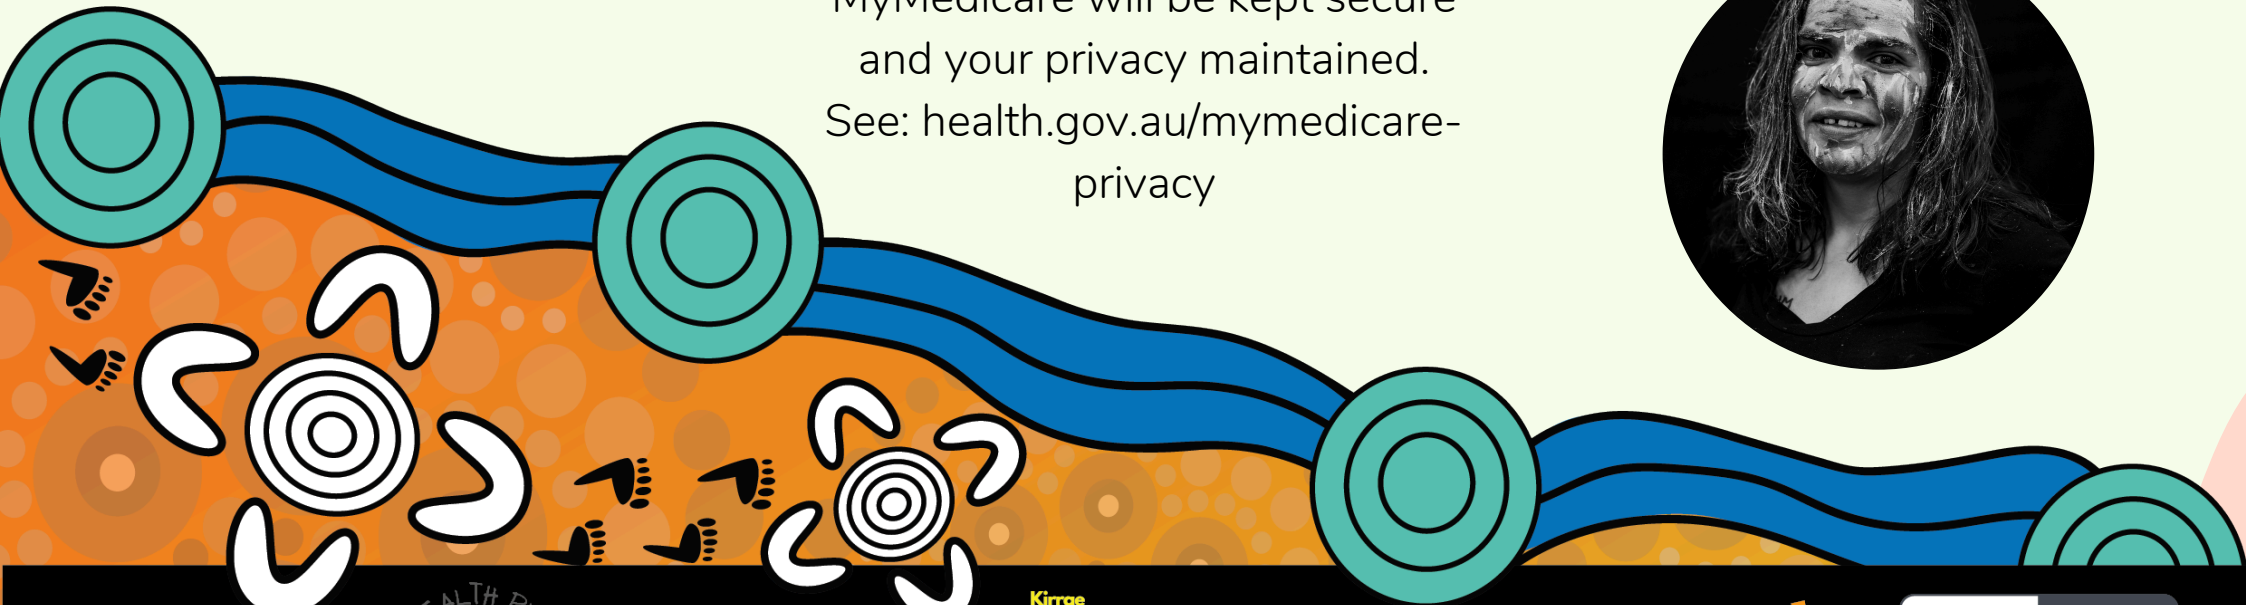

MyMedicare does not tie you to a particular GP, you can change your preferred GP at Kirrae at any time.

MyMedicare is a registration system and won't hold any of your clinical information. All personal information recorded in MyMedicare will be kept secure and your privacy maintained. See: health.gov.au/mymedicare-privacy

Better health and stronger links between community and health professionals at Kirrae

Artwork designed by Tanisha Lovett, proud Gunditjmara and Wotjobaluk woman.

Why register?

Registering as a patient with Kirrae means extra funding becomes available to help us deliver the care you need. If you register elsewhere this will be unavailable to Kirrae

MyMedicare patients may have access to:

- Longer MBS funded telephone consultations
- Longer bulk billed telehealth consultations for children under 16 and commonwealth concession care holders
- More regular visits from your GP and better care planning
- Connections to more suitable care for people with chronic conditions who visit hospital frequently

How to register

You must have a Medicare card and have had 2 face to face appointments with a GP at Kirrae in the last 2 years.

If you are facing hardship you are exempt from this rule (domestic and family violence, homelessness)

Kirrae can Help!
